

BECOME A MEMBER OF THE CROATIAN METROLOGY SOCIETY

The Croatian Metrology Society is an association concerned with metrology and technical regulations related to metrology.

The Society can be composed of citizens of the Republic of Croatia and foreign citizens involved in metrology activities, or those taking interest in metrology and technical regulations.

Associated members are corporates with seat in Croatia or abroad, which take interest in metrology, testing and technical regulations. The authorised representative of the associated member has one vote at the assembly.

One becomes a member by filling in the membership application form verified by the Management Board.

Active and associated members pay a yearly membership fee quoted by the General Assembly as proposed by the Management Board.

Admission into the Society implies acceptance of the Constitution and other acts observed by the Society. The members of the Society have a right to:

- elect and be elected into the Society's management and other bodies
- participate in all Society's activities
- be supported in their professional and public work
- initiate the session of the General Assembly
- propose amendments to the Constitution of the Society
- be informed of activities of the Management Board and other Society bodies, give their respective opinions and suggesting for the improvement of their work.
